

TITAN™
Super Duty Pass-Through Entry Door

HANDLES THE HEAVY TRAFFIC SALES

The TITAN™ beer cave door performs at the highest level of quality and performance by offering the most robust design in the industry. This energy free door and frame offers excellent insulation able to withstand high humidity conditions as well as heavy traffic. The TITAN™ doors are engineered to be self-closing with hydraulic closure, ability handle heavy sales traffic and provide years of performance thanks to welded construction and patented thermal break design. Available with outward or inward swing.
